## Composer Notes

*We Will Want No More* is a new version of a song that was composed and recorded in 1986. I believe this version will be more “user friendly.” Part I is in the style of a spiritual; part II is a fast-paced, very rhythmic gospel song.

When sung at funerals, *We Will Want No More* could be extended throughout the Communion Procession. It could also be used at the end of the liturgical year as well as at any time a song of hope and trust is desired. The first part of the song may be used alone if a less energetic ending is desired.
